Title: Classroom Assistant (Learning Support)

We are committed to creating therapeutic environments where children and young people can have their emotional, educational and treatment needs met by experienced and informed therapeutic staff.

Our work is grounded in psychodynamic principles and we believe that a child's difficulties are rooted predominantly in their past relationships, and that healing can happen through the building of new and safe relationships.

We therefore expect staff to engage in the training and support provided in order to gain an understanding of these relationships, including those with their colleagues through the use of a staff dynamic group process.

The safeguarding and welfare of the children is considered within the context of their relationships with others and from within a culture of listening to, and engaging in dialogue with children and seeking their views about all aspects of their lives and their care

Child Protection is a part of safeguarding and promoting welfare. We understand it as the activity undertaken to protect specific children who are suffering, or are at risk of suffering, significant harm. Children who receive a service from Childhood First have suffered significant harm or have been at risk of doing so and remain vulnerable especially as children who live away from home.

Working together to Safeguard Children 2018

All Childhood First policies are written in accordance with the relevant key legislation. The Safeguarding and child protection policies are written with particular reference to Working Together to Safeguard Children 2018. All Directors and senior staff within the organisation are aware of the importance of this document and guided to use it with their staff teams.

Accountability

Childhood First has a clear line of accountability in each of its services up to the Director/Registered Manager of the service. Each Director is line managed by the Chief Executive (also the Responsible Individual for the organisation). The Executive is accountable to the Board of Trustees.

Every member of the organisation has a duty to report Safeguarding/Child Protection concerns to their line manager or the community designated safeguarding lead. Immediate steps must be taken to prevent the child from harm or further harm. These should be agreed with the most senior person available. It is the responsibility of the Registered Manager or Responsible Person (or the designated safeguarding lead) to inform statutory agencies who may instigate a Child Protection investigation. This will include the child's social worker and parents (Where appropriate); the police as necessary; and the Local safeguarding Children Board MASH team within the host authority.

The ongoing systems of training, supervision, and consultancy, in group forums and individual sessions, work together to ensure that all employees of Childhood First are clear about their responsibility to work together to safeguard children. These systems ensure that all remain aware of policy and practice areas which impact on our joint ability to safeguard children. All staff are reminded that they must remain alert to the potential indicators of abuse or neglect and to the risks that individual abusers, or potential abusers, may pose to children this includes other children or young people living in the home and perpetrators external to the home.

Inter-agency working

Childhood First is committed to working in partnership with local authorities and other agencies to safeguard and protect children from abuse. Good inter-agency co-operation and communication are the essential bases for carrying out child care and safeguarding children. We co-operate with all statutory and other professional agencies in the spirit of protecting children.

Safeguarding and Child Protection procedures in each place of work are consistent with local policies and agreed with the Local Safeguarding Children Board. The Registered Manager of each facility will ensure that all staff have access to these

procedures and are provided with regular Safeguarding/Child Protection training commensurate with their role. All induction training includes Safeguarding. Events and Notifications under Regulation 30 of Children's Homes Regulations are sent to Ofsted as well as to the Chief Executive and (Responsible Person) and the organisations designated safeguarding lead.

Local Children's Safeguarding Boards

Local Children's Safeguarding Boards are the key statutory mechanisms for ensuring safeguarding and protection of children. Their roles include agreeing how relevant organisations (like Local Authorities, providers of residential care like ours) will co-operate to do this and ensuring effectiveness including training and increasing understanding of Safeguarding issues. It is their job to ensure that children and adults know who to contact if they have a concern that a child is being harmed.
